Easier Recognition of diving breathing valves without Safety Pressure

LIDINGÖ April 20, 2011

ANNOUNCEMENT

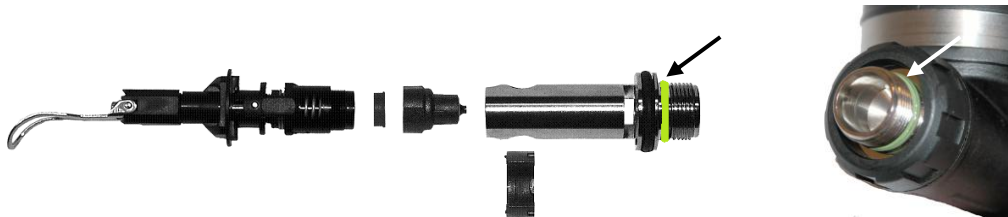

To ensure easier recognition of diving breathing valves without safety pressure, the connection O-ring has been changed to green and the Guide disc has been fitted with a hole.

APPLIES TO

Diving breathing valves without safety pressure.

DESCRIPTION

The new green O-ring is visible at the breathing hose connector.

The new Guide disc for the Sealing spring is fitted with a hole.
