

Public Safety Diver Recertification Acknowledgement

Please initial each of the items below

Logged Dives

I have met the requirement of 18 logged dives in the previous 3 years with at least 6 of them being in the last year (1 pool dive per year may be included). I will provide copies of my dive logs to my in-house Public Safety Scuba Instructor or to Dive Rescue International for recertification.

Online Recertification Exam

I have completed the online recertification exam with a passing score of 85% or higher.

Recertification Acknowledgement

I acknowledge the Public Safety Diver certification is a three-year, renewable certification. I have been advised, and understand that to maintain my certification as a Public Safety Diver, I must meet the recertification requirements of the PSD program, as outlined in the PSD course.
