

ICE RESCUE TRAINER STUDENT RECORD SUBMISSION FORM

IMPORTANT - This form must be completed, signed, and submitted with your class roster. Rosters submitted without this form will be returned to the instructor, and their students' certificates will be invalid.

SECTION I REVIEW OF ICE RESCUE TRAINER REQUIREMENTS

According to the Ice Rescue Trainer Agreements, I am required to:

- 1) Maintain certification in CPR and First Aid.
- 2) Be an active member of a recognized public safety agency and teach only those who are also active members of public safety agencies and at least 18 years of age.
- 3) Ensure that liability insurance coverage is provided through the sponsoring department while working within the scope of employment for said department. When teaching outside of your sponsoring agency, a written waiver is required from Dive Rescue International. A request for a waiver should be sent to Dive Rescue International.

I hereby state that I clearly understand these requirements as they are outlined in the Ice Rescue Trainer Agreements. If requested by Dive Rescue International, I further understand that it will be my responsibility to provide proof that I am in compliance with these requirements.

SECTION II ICE RESCUE STUDENT EXAMS AND CERTIFICATES

An acceptable passing score on the Ice Rescue Exam is 85%. If a student's exam score is unacceptable, identify areas of weakness and cover the appropriate lectures again with the student. You may then re-test the student either orally or in writing. Only students who successfully pass the final examination may be awarded the Ice Rescue Certificates.

I understand the above stated policy on the testing of Ice Rescue students and issuing certificates. The roster I have enclosed is a comprehensive list of students who have successfully completed the Ice Rescue program requirements. If a student's class performance was not acceptable, or if they will be re-tested at a later date, I have noted this on the roster. I will promptly notify Dive Rescue International of any re-tested students who pass the program at a later date.
