WHAT YOU NEED TO KNOW

OBJECTIVE • Dive Rescue International's premier program trains and certifies candidates to train non-divers as Public Safety Divers (PSD). This credential is the start of the process for a fully operational dive rescue team member.

JUSTIFICATION • As a PSSI, the instructor will not only train new PSDs, but can upgrade their team's level of training by cross-training certified open-water divers to the PSD level. Teams with a trainer on staff realize significant cost and logistic benefits including training on their own schedule and the capability to continuously keep their team trained and ready for dive operations.

CERTIFICATION • Public Safety Scuba Instructor

RECOMMENDED FOR • Experienced certified open water divers

DURATION • 5 Days: 134 hours (pre-course & training)

TUITION • \$1,200.00 (US Funds) per student
\$900.00 (US Funds) if a recreational instructor

BE SURE TO BRING • All students will be required to wear business attire, including coat and tie, during all classroom sessions.

US Coast Guard approved PFD with knife and whistle, adequate clothing and protection from the environment and pen and paper for note-taking and sketching. Diving students must provide their own equipment: wetsuit or drysuit, scuba regulator: recently serviced and environmentally protected with alternate air source (i.e.: octopus, Air II, etc.), timing device, depth and submersible pressure gauge, BC with oral/power inflator, two tanks with current Hydro & VIP, mask, snorkel, fins, weight belt and two cutting tools (knife, wire cutters, or trauma shears), swim suit, exposure suit, and goggles.
