

ICE RESCUE TRAINER

FORT COLLINS, COLORADO

WITH THE LARIMER COUNTY DEPARTMENT OF
NATURAL RESOURCES

MARCH 6 - 8, 2024

WHAT YOU NEED TO KNOW

OBJECTIVE

A practical and efficient training system uniquely designed for public safety personnel; graduates of this course return to their department with the tools and skills to train their own department personnel into competent and safe ice rescue responders.

JUSTIFICATION

Departments with an Ice Rescue Trainer on staff realize significant cost and logistical benefits including training students for the nominal cost of Ice Rescue Student Kits (\$20 per student), and the ability to train when convenient and environmental conditions are ideal. The Dive Rescue International Ice Rescue Trainer class includes Ice Rescue training and because of this, students require no prior experience to attend.

CERTIFICATION

Ice Rescue Trainer addressing standards found in chapter 19 of NFPA 1006 and 2500.

RECOMMENDED FOR

Any public safety personnel who may respond to surface ice emergencies.

3 Days / 24 training hours

TUITION

\$525.00 (US Funds) per candidate

Includes preparatory materials, trainer manual, and presentation materials for instruction to students, and T-shirt.

BE SURE TO BRING

Appropriate US Coast Guard-approved PFD with cutting tool and whistle; adequate clothing and protection from the environment; pen and paper for note-taking and sketching; and empty 3-ring binder for manual. Must bring rope-handling gloves; ice rescue exposure suit; fins; and ankle weights. All students will be required to wear business attire, including coat and tie, during all classroom sessions.

TOPICS

Teaching the Adult Learner

Preparation and Effective
Presentation of the Ice Rescue
Program
