

DIVE RESCUE II (DRII):

CURRENT DIVING + LIGHT SALVAGE & RECOVERY

SACRAMENTO, CALIFORNIA

HOSTED BY

SACRAMENTO COUNTY SHERIFF'S OFFICE

AUGUST 25-29, 2025

OBJECTIVE

The Dive Rescue II course is an intensive five-to-six-day program combining advanced rescue, current diving, and light salvage operations into one comprehensive training.

Designed for public safety divers, this course equips participants with the skills to use specialized technical and lifting equipment, execute advanced rescue and recovery techniques, and safely navigate complex water-related incidents. Training includes classroom, pool, and open-water environments, where students practice skills such as hydrology and moving water dynamics, hazard assessment, self-rescue, preplanning, underwater rigging, and salvage lifting techniques. The program also emphasizes environmentally conscious salvage operations, teaching participants how to recover vehicles, boats, and aircraft while preserving underwater crime scenes and supporting investigations. By mastering anchoring, high-line, and lifting techniques, your team will be prepared to tackle challenging operations safely and effectively.

MAIN TOPICS

Hydrology/Dynamics of Moving Water
Scene Evaluation
Preplanning Current Diving Operations
Self-Rescue Techniques
Rescue Procedures for Surface Support Personnel
Selecting Specialized Equipment + Lifting Equipment
Search Patterns in Current
Search Techniques
Handling Panic + Stress
