

# Dive Rescue International Course Series

Hosted by Lansing Police Department

📍 LANSING, MICHIGAN

## LOCATION OF CLASS

Lansing Police Operations Center  
5815 Wise Rd.  
Lansing, MI 48911

CLASS STARTS AT 8 AM

### Med Dive (MD): May 18-19 (\$450)

Successful completion of the Med Dive 1 program provides the student with skills required to improve their ability to recognize potentially life-threatening signs and symptoms associated with scuba diving injuries. Learning the cause, affects, signs, and symptoms of decompression illness and arterial gas embolism will be discussed, as well as in-field stabilization.

### Critical Skills Diver (CSD): May 20-21 (\$550)

Critical Skills Diver training prepares Public Safety Divers (PSDs) to use repetition in training as a means to improve in-water confidence and competence. PSDs are introduced to the concepts of muscle memory, stress survival responses, and crisis rehearsal for self-rescue. Proper response to key underwater emergencies are examined and practiced. Student skill level evolves through repetition of familiar and unfamiliar challenges. Simply, this course introduces the knowledge and skills that help PSDs develop the ability to prevent and / or survive a diving emergency.

### Light Salvage & Recovery (LSR): May 22-24 (\$600)

The focus of the program will be conducting salvage operations as they apply to underwater crime scenes and investigations. The techniques taught in this program can be applied to the salvage or recovery of boats, automobiles and aircraft. By teaching your dive members to complete safe salvage operations, you can offer an environmentally conscious service to your community. Students should be prepared to make several lifts using various techniques.

## PREREQUISITES

- Member of a Public Safety Agency
- At least 18 years old
- RSTC Medical Statement
- Current First Aid, EMT or Paramedic certification
- Current CPR certification

## BRING TO CLASS

- US Coast Guard approved PFD with knife and whistle
- Adequate clothing and protection from the environment
- Pen and paper for note-taking and sketching.

**Diving students must provide their own equipment:** Wetsuit or dry suit, scuba regulator: recently serviced + environmentally protected with alternate air source (i.e.: octopus), timing device, depth + submersible pressure gauge, BC with oral/power inflator, 4 tanks with current Hydro + VIP, mask, snorkel, fins, weight belt + 2 cutting tools (knife, wire cutters, or trauma shears).
